### **DETAILED ACTION**

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

#### **ART REJECTION:**

#### ***Claim Rejections - 35 USC § 103***

2. Claims 1-13 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ricketts.

-- Claims 1-13 recite subject matter that is met by Ricketts for the reasons of record as discussed in the previous Office Action except for:

1) the plurality of second card reader means being located at emergency areas outside of the facility served by the monitoring system;

2) the portable computer being located at a remote secure position outside of the facility served by the monitoring system.

Although not specifically stated by Ricketts, it would have been obvious to one of ordinary skill in the art at the time the invention was made to locate the second card reader means and monitoring system in any location as desired, including positions outside of the served facility, since one of ordinary skill would have readily recognized the most advantageous placement of these devices in the system to provide the most desired effect.

#### **REMARKS:**

***Response to Arguments***

3. Applicant's arguments with respect to claims 1-13 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***
